This question is about the changing lives of women.

'The view that men and women should not be treated equally ... was becoming unpopular and many [women] were feeling discontented with their lives. Thanks to ... modern appliances such as fridges, washing machines, electric stoves, etc. the burden of their household chores was substantially reduced leaving free time available to women.'

How far do you agree with this interpretation of women's changing role in society during this period?

[16]

Marks for spelling, punctuation and the accurate use of grammar and specialist language are allocated to this question.
